The Board of Visitors is known as 'The Board of Visitors & Advisory committee'.

Progress report on the working of the school since the last eting of the Board of Visitors.

The last meeting of the Board of Visitors was held on 13-6-39.

Staff:

Sri A.Patnaik, permanent Superintendent of the school was on leave for eight months up to 3-4-39. After return, he continued to be in charge of the school till 28-10-1939 when he proceeded on transfer to Government Trades School, Mangalore. Sri V.Raghava Ayyar who relieved him on 28-10-39 continued to be in charge of the school till 12-4-1940, when I took charge from him.

Admissions and withdrawals.

During the year 6 apprentices from the general mechanics class and 3 from the cabinet making section completed their five years course and they were awarded Government certificates.

The number of pupils on rolls at the commencement of the new session (i.e. 1st July 1939) was 55 as against 44 in the previous year. Three students of the second and third year classes were found irregular and their names were removed from the rolls. During the year 23 boys were admitted for the General Mechanics course and 6 for the cabinet making class. Out of these 29 students newly admitted, 5 left the school for their own reasons. The present strength of the school is 76.

Scholarships and wages.

As per G.O.No.P.813, Development, dated the 31st March 1939, the Government were pleased to sanction the payment of daily wages to all boys undergoing training in the school at the following rates.

First year class at 0-3-0 per diem.

Second year class at 0-3-0 ,,

Third year class at 0-4-0 ,,

Fourth year class at 0-5-0 ,,

Fifth year class at 0-6-0 ,,

The local bodies also were pleased to award scholarships to some of deserving poor boys undergoing training in the school as under:

(1) Bellary District Board - Six scholarships ranging from Rs.5 Rs.7-8-0 per mensem.

(2) Bellary Municipality - Four scholarships ranging from Rs.5 Rs.10 per mensem.

Workshop equipment.

para 1 of G.O.812 (T) 31.3.39

During the year no new machinery was added to the workshops. Though a sum of Rs.5,500 was sanctioned for installing an oil engine of about 32 B.H.P. the purchase had to be deferred until further orders on account of financial difficulties due to war.

para 2 of G.O. 812 (T)

With a view to effect economy, only a portion i.e. Rs.404/- of the sum of Rs.1,200 set apart for improving the workshops was utilised. 10 windows were provided in the workshops and petty repairs to the rest-shed were effected.

Recreation

In addition to foot-ball, volley ball, ring tennis and badminton, cricket and hockey have been introduced during the year. The boys are having regular exercises during evenings.

Inspection

The Inspector of Industrial Schools inspected the school on 29-6-1939 and the Director of Industries and Commerce on 6-2-1940.

Hostel accommodation:

The hostel which was opened on 8-11-1937 by the Hon'ble V.V. Giri, the then Minister for Industries and Labour, is now being managed by the store-keeper as warden. The average number of boarders was 28 as against 26 in the previous year. The mess rate per head varied from Rs.5 to Rs.6 per mensem; The warden is not paid any special allowance but he is permitted to reside in one of the small buildings within the school premises.

2) As per G.O.No.Ms.1195, Development Department, dated 23rd May 1940, the students have been definitely allowed rent free to live in the hostel. The poor boys are much handicapped forwant of a cook as they find it difficult to maintain a cook at their own cost. Unfortunately the Government have not been pleased to sanction the appointment of a cook inspite of my representation.

In view of the present financial difficulties and the consequent need for effecting economy in expenditure, the part II
